### HOTEL CHELSEA, NEW YORK

Annie Schlechter

Perhaps no opening on this side of the pandemic has been greeted with greater anticipation by New Yorkers and tourists alike as the [Hotel Chelsea](#), the iconic 23rd Street building that has played home to everyone from Edie Sedgwick to Patti Smith to Bob Dylan. The owners behind favorites the Jane and the Bowery have brought the legendary hotel back to life. The storied bones of the hotel remain, but the rooms have been refreshed in lush velvet-upholstered furniture, monogrammed bed linens, and marble-clad bathrooms. Also back: Lobby Bar and the beloved Spanish restaurant El Quijote.
